

Boyd County FBLA News

October 2018

Chapter Spirit Day

On Wednesday, October 3, FBLA members participated in a chapter spirit day. They showed off their spirit for the FBLA organization by wearing their chapter t-shirts to school. The bright yellow shirts, all around the school with the saying "Brighten your Future with FBLA" caught everyone's attention and showcased our amazing FBLA members.

Wild Turkey Days

On the weekend of Wild Turkey Days, members from the Boyd County FBLA chapter took the opportunity to volunteer in their community. On Saturday, October 6, members helped work at the concession stand that was located at the craft fair for the local community

event. The next day, FBLA members assisted in serving the turkey dinner for all of the community.

First National Qualifier

Senior member and chapter reporter, Sydney Atkinson, completed 500+ community service hours and achieved her final level of the community service awards. This made her the first national qualifier for the chapter this year for FBLA National Leadership Conference in San Antonio, Texas this summer.

BAA/CSA Work Night

The Boyd County FBLA's second chapter work night was held on October 18 right after school. At the work night, members got caught up on logging their community service hours and continued working on the Business

Achievement Awards. Our former FBLA advisor, Melanie Black, came and helped some of the middle level members with their projects. We loved having our former advisor there to assist members!

Also on this night, members from the FBLA chapter teamed up with members from the Boyd County FCCLA chapter to partake in our joint community service project. Members from both chapters constructed homemade birthday cards for the residents at our local nursing home. We had some very creative minds and artists.

Community Service Project Meeting

The FBLA and FCCLA community service project chair persons met with the activity director at the local nursing home on October 25. They discussed more in depth details on their project and planned dates and activities the chapter will do with the residents.
