2021-22 BASKETBALL CONCESSION STAND SCHEDULE

Boyd County Booster Club is an organization that is made up of parents of 7-12 grade students in the Boyd County School. There is no cost to be a member. Our primary objective is to support the extracurricular organizations and sports teams through a variety of ways. Some ways funds have been spent are helping fund an aircat machine for the volleyball team, headsets for football staff, water bottles/cooler for XC, band uniform cleaning, scoreboard, chorus risers, senior banners that hang in the gymnasium, donate to the Boyd County Fair, post prom, pocket schedules for parents/students, NVC all star player sponsor, and also monetary support for students in the FFA, FBLA, FCCLA organizations attending conventions. If there is a need within a certain department at school, we would love to help out. A request is presented to the club and then is voted on by members attending a meeting. The booster club provides access to the concession stand at most home sporting events and on occasion, for other student organization activities that our school may host. This is our main source of income. Parents are needed to help at the concession stand. As a parent/guardian of a student(s) in grades 7-12 you are welcomed as a member of our club. As a member, you are asked to work in the concession stand twice a school year. The nights you work at the stand, you do not pay. The schedule is set up for fall and winter sports sessions. There is a link on the school website (www.boydcounty.org) with a list of games and parents that are scheduled to work. It is under District and quick links or use quick links on the right hand side, or on a phone, scroll down and go to quick links, then click on Concession Stand Schedule. A postcard is also sent out to notify you. If you are unable to work your date/time, please switch with someone. We thank you for volunteering your time. If you have other

ideas of ways our organization can support our student family in school, please feel free to contact one of the officers. The more parents in attendance at meetings is the best way to communicate our mission, support our students, and get new ideas. Please attend our meetings and let your voice be heard. We have awesome communities where our children have opportunities at every level. On behalf of the current booster club board, we thank you for your time and commitment to helping our students.

We are Boyd County.
