FFA Christmas Party- Eli Arellano

The Boyd County FFA Chapter had a Christmas party on December 3rd. One of the first things they did at this party was play a game where they rolled dice until they got doubles while another person was unwrapping the saran wrap ball full of multiple gifts. Then after that they ate chicken noodle soup and taco soup for dinner. After the dinner, they played the game white elephant. One of the weirdest presents was a toilet plunger with googly eyes and a Santa hat. Then the last activity they included the members in were singing karaoke and going to play in the gym.

Girls Basketball- Lucas Phillips

The start of the girls basketball season has been a tough one, with the current record for the Boyd County Spartan Girls Basketball team being 1-4. The coaches still have high hopes for the team, believing they can still qualify for upcoming tournaments if there is more contribution of effort from the players. In the coaches eyes, no singular player would be considered the "star player", but some players did stand out on different aspects of the game.
